

2 YEAR OLDS

In our 2 year old class, we care for your child's physical needs to give them a great first impression of their Heavenly Father. We focus on one Bible story every month and do a corresponding activity or craft each week. We also begin working to help your child transition easily to RocKidz at age 3.

TOP 5 THINGS YOU NEED TO KNOW

1. THE SERVICE EXPERIENCE

Your 2 year old loves to discover new things. During the lesson time, we provide fun interactive learning experiences in an engaging atmosphere to help them learn about Jesus in age appropriate ways.

2. WHAT TO BRING

Please bring anything with you that we will need to ensure your child's care for a little over an hour. There is no need to bring toys or stuffed animals, we have plenty for them to engage and play with. We ask that every child is dropped off with extra diapers or pull ups. We will make sure your child's belongings are stored safely in the classroom. Place one of your check-in labels on your diaper bag to help us identify your items at check-out.

3. POTTY TRAINING? WE CAN HELP!

Diaper changes and potty breaks happen after lesson time. Outside of this designated time, we will make every effort to recognize any signals that your child makes to let us know that they need a potty break. For your child's safety, we background check all of the ladies working in the nursery.

4. CRYING DOESN'T BOTHER US AT ALL!

Don't be alarmed if your child cries at drop-off and pick-up. We understand this is a natural and healthy sign that your child has formed a bond with you. Our workers are trained to patiently care for your child. If we are unable to console them for any reason, we will notify you by putting your parent number on the screens above the doors in the sanctuary. These numbers light up red above both exits located to the left and right of the stage.

5. WELLNESS

We care about the health of all of our nursery kids and ask that each child that experiences a fever of 99.8 or above, have vomiting, or begun an antibiotic regimen in the last 24 hours, please refrain from attending the nursery.

We thoroughly clean and disinfect all classroom items after each service and take extreme care to ensure a clean and healthy environment for your little ones.
